DP-L210/510
Digital Printing Systems

Duplo's Affordable, Feature-Rich Digital Duplicator

- **8.5" x 14" (legal size)**
- **300 x 600 dpi resolution**
- **130 pages per minute**
- **1,300 sheet feed/receive capacity**
- **ADF standard on DP-L210**
- **Platen-top scanner standard on DP-L510**
- **User ID function**

DP-L510 with optional ADF

Fast, High Resolution Printing

With a maximum speed of 130 pages per minute and a 300 x 600 dpi resolution, Duplo's DP-L210 and DP-L510 Digital Printing Systems surpass all other mid-range duplicators in the market. The DP-L210/510 delivers legal-size (8.5" x 14") jobs faster and with more vivid prints through enhanced production of solids, lines and text, and photographic images. Document copying is as easy as a touch of a button, with the first print outputted in as little as 21 seconds. Print speed is adjustable for three levels (60, 90, 130 ppm) and with a feed stack capacity of 1,300 sheets, teachers, and busy staff alike can print on the go. With both models offering the same functionalities, the DP-L210 comes standard with an automatic document feeder (ADF) for scanning original sheets with the quick push of a button, while the DP-L510 comes with a platen-top scanner. The ADF is optional for the DP-L510.

Simple Operation

The DP-L210/510 is no different than a copier when it comes to ease of use. From programming a job on the control panel to replacing ink cartridges and master rolls, the digital duplicator's simple design makes it easy for anyone to operate. Clean and easy master removal is also made possible via a patented automatic master disposal system. By adding the optional USB

interface, users can adjust the image quality and send two-color jobs directly to the duplicator from their own computer.
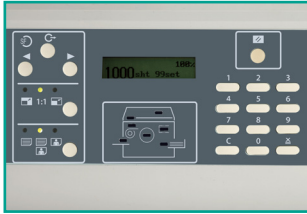

Eco-Friendly

ENERGY STAR qualified, the DP-L210/510 saves you money by using less energy and helps protect the environment by preventing the emission of ozone. Its built-in Energy Saver mode reduces energy costs by automatically powering off after 3 minutes of inactivity. With no fuser unit to keep warm, the DP-L210/510 is completely inactive on standby mode, thus reducing its power consumption by up to 85%!

Total User Control

The DP-L210/510 comes equipped with a standard User ID Function which allows organizations to control its use by giving them the ability to set up to 100 access codes and limit the number of prints for each account. Users gain access to the machine by simply entering their ID and password on the control panel.
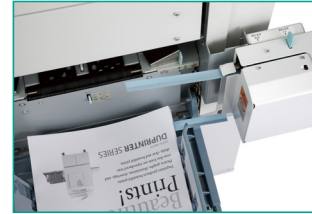

Color Printing

Spot colors can be added to your documents just by changing the color drum. Multiple colors are available and Duplo can customize any Pantone color by request.

Control Panel
User-friendly control panel simplifies operation.

Air-Assisted Sheet Separation; Unique Receive Tray *design assures quick drying time.*

Tape Inserter
Make separating print jobs a breeze with the optional tape cluster kit.

SPECIFICATIONS

	DP-L210	DP-L510
MODEL	8.5"x 14" / 216 mm x 356 mm (LGL size)
